In Part 3 of the Reading paper, you are given a text from which six or seven sentences or paragraphs have been removed; these have been put in a mixed-up order after the text. The task is to decide where in the text the sentences or paragraphs have been taken from.

- There is one extra sentence or paragraph which does not fit anywhere in the text.
- It is important to be able to follow the 'flow' of a text, and to understand how parts of a text are connected.
SUGGESTED APPROACH

1. Read the text through once.

2. Look at the sentences A-I, cross out the one used in the example.

3. Read the paragraph that contains the first gap and look for clues:
   - Are there any reference words to help you?
   - Is there a linking word before or after the gap?

4. Look for a sentence that changes or continues the 'flow'.

5. When you’ve decided on the appropriate sentence, check that it fits grammatically and follows the sense of the text.

6. Remember, there is an extra sentence there - just to confuse you!
